

LT-MX 100

We haven't invented anything to keep you from getting into mudholes, but this machine has something to get you out. Torque Induction, the exclusive Yamaha reed-valve fuel system that gets you out of the soft stuff and back up to speed faster. Some new features: a built-in silencer, a 5-speed gearbox, and a tougher lightweight frame.

Some old features: toughness, easy handling, and dependability.
