

# The great getaway machines.

Leave behind the regimented week that was,  
to be continued another day.  
Til then, get away  
and sort things out  
and be with friends on your Yamaha Enduros.  
125cc and 175cc Enduros.  
Light, quick, easy to handle,  
yet, like all Yamaha dual-purpose machines,  
they're built tough to take you off the road  
and over the trails  
leading back to quiet meadows and peaceful skies.  
Yamaha Enduros.  
The weekend getaway machines that have  
earned the right to be called "Great."  
See them at your Yamaha dealer.  
Before next Saturday.

**YAMAHA**  The great machines for '72.
